# Heating System Rebate Program

Close more sales with CenterPoint Energy's Heating System Rebate program. Your residential and small business customers will enjoy comfort and save now with a lower purchase price and in the future with lower heating bills. Plus, you'll receive a cash incentive for each rebate we process listing your company as the installer.

## Rebate Incentive Offerings

### Replacement of natural gas heating system or new construction

PRIMARY NATURAL GAS HEATING SYSTEM	EFFICIENCY RATING	CUSTOMER MAIL-IN REBATE	DEALER INCENTIVE
Forced-air furnace	90 - 94.9% AFUE	\$300	\$50
	95% or higher AFUE	\$400	\$50

	90% or higher AFUE	\$175	\$50

**Note:** For rebate to apply, the new equipment must be listed and AFUE verified on the Air Conditioning, Heating and Refrigeration Institute (AHRI) or ENERGY STAR® websites.

\*Back-up heating system rebates apply only to new natural gas furnaces used as a back-up system to heat pumps for new construction or natural gas retrofits.

### Replacement of electrical resistance heating system or heat pump to a high-efficiency natural gas model

REPLACEMENT SYSTEM	EFFICIENCY RATING	CUSTOMER MAIL-IN REBATE	DEALER INCENTIVE
Natural gas forced-air furnace	90 - 94.9% AFUE	\$2,000	\$50
	95% or higher AFUE	\$2,000	\$50
Direct-vent wall furnace	80% or higher AFUE	\$2,000	\$50
Hydronic heating system	82% or higher AFUE	\$2,000	\$50

**Note:** CenterPoint Energy will examine natural gas usage history to confirm eligibility for electric rebate levels.

## It's easy to start earning dealer incentives

- 1. Submit a W-9.** To pay dealer incentives, we must have a current copy of your W-9 on file (for tax purposes). To get payments faster, fill out an EFT form and have incentives deposited directly to your bank account.
- 2. Receive a dealer ID.** Once we have your W-9, we'll assign a six-digit dealer ID to track and pay your incentives. Remember to include it whenever you submit a rebate application.
- 3. Send completed applications.** Submit rebate applications as you complete installations. We will mail your customer's rebates upon processing and send your incentive checks to you after the end of each quarter.
- 4. Program dates.** Rebates are for qualifying equipment installed January 1 – December 31. Rebate applications must be submitted by December 31.

## Ongoing communications with dealers

Throughout the year, we send program materials, meeting invitations, and other helpful information to dealers and HVAC installers on our mailing and email list.
