Equipment and customer eligibility

- CenterPoint Energy commercial customers who install qualifying equipment in CenterPoint's Mississippi service territory
- Equipment must meet program specification requirements. For programs listed with California Energy Wise (CEW) or ENERGY STAR® ratings, refer to CenterPointEnergy.com/Foodservice
- Rebates apply to new equipment only

Natural gas — the preferred energy choice for cooking

- Precision control for better quality
- High efficiency with lower operating costs
- As a primary fuel, natural gas can be used in its natural state rather than undergoing a conversion process at a power plant, which creates emissions and waste energy
- Annual energy costs for customers using natural gas has been lower than the cost for propane, fuel oil or electricity since 2010—and it's projected to stay low through 2040

How to apply for rebates

Three simple steps to receive a rebate:

1. Use our online fill-and-print forms to apply for rebates at your convenience. CenterPointEnergy.com/Foodservice
