**Retail Customer Instructions**

CenterPoint Energy (Company) agrees to install and maintain security lighting service in the above noted project subject to the Miscellaneous Lighting Services approved tariff for lighting (Section 6.1.1), and Construction Services (Section 8). Your chosen Competitive Retailer of electricity must provide the additional cost of electrical energy. The above Electric Service Identifier (ESI-ID) number is unique to the service address for lighting services to be installed. **This form with the ESI-ID number must be forwarded by yourself to a Competitive Retailer of your choice before a lighting services account can be established between your chosen Competitive Retailer and CenterPoint Energy.** Please do so as soon as possible to minimize any delays in the installation of the security lighting. Installation cannot be scheduled until the Competitive Retailer agrees to invoice installation charges for this account and contacts our company per the instruction noted below.
