IMPORTANT REQUIREMENTS

1. All qualifying equipment must be fully installed.
2. Enclose contractor invoice showing separate pricing for equipment, labor, and taxes. Rebates available for retrofitted devices using hot water **only**. Do not include costs for devices which only use cold water. Rebates are calculated on equipment cost only, not on taxes, labor, unattached material, piping, or controls.
3. All required information must be submitted before rebate can be paid.
4. Qualifying equipment must use natural gas provided by CenterPoint Energy in Minnesota.
5. For information on specific rebate amounts and caps, see our comprehensive Heating System brochure.
6. Applications must be received by December 15 of the calendar year in which the equipment is installed. To avoid delays in rebate processing, please submit your paperwork as soon as equipment installation is complete.

For any equipment installed between December 15 and December 31, please contact CenterPoint Energy for advance rebate approval.

7. Please allow six to eight weeks for rebate processing. Rebate checks will be made to the name listed on the CenterPoint Energy account.

Mail completed paperwork to:
