

Smart Meter. Smart Move.

Smart meters give you the power to monitor and control your electric usage.

Across Texas, smart meters are being installed in homes just like yours. Your smart meter transmits your electric usage data to Smart Meter Texas.

This information is available to you on www.smartmetertexas.com.

Smart Meter Texas is changing the way Texans use energy information.

Contact your Retail Electric Provider if you have questions or need help with:

- Your bill
- Ideas for saving electricity and lowering your bill
- Changing your services
- Understanding your usage reports
- Questions about the data or your usage reports.

A very
SMART way
for Texans
to **manage**
electricity!

*Saving energy saves money
and protects our environment!*

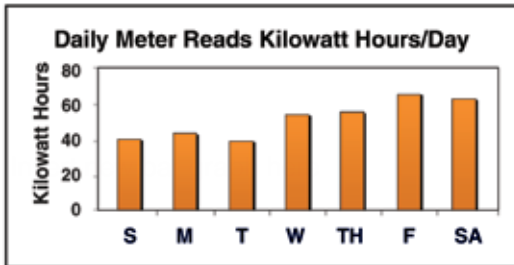

SMART METER
TEXAS™

How does Smart Meter Texas benefit me?

Smart Meter Texas makes it simple to track and control your electric usage.

Easy to read graphs quickly give you the information and ability to change your energy habits and save you money.

Wise energy usage promotes a cleaner, healthier environment for all Texans. Be an active participant in practicing energy conservation.

Energy Information and Management

Smart Meter Texas also supports energy management devices you may choose to install in your home that allow you to monitor your electric usage and control your appliances. This will help you to make decisions that may save energy and money.

For more information about these devices, call the Smart Meter Texas helpline or your Retail Electric Provider.

Overview Residential Business Learn More

Welcome to Smart Meter Texas (SMT)

Smart Meters and SMT Can Help You...

- * Monitor your usage
- * Manage your costs
- * Raise awareness of waste and your carbon footprint

SMT allows you to view daily electricity usage in 15 minute increments. You can use the data to understand your usage patterns and possibly reduce your electricity usage and costs. SMT also allows you to view the HAN Devices that have been added to your Smart Meters.

Learn More...
Click [Residential](#) to learn more about using SMT and your smart meter to monitor your home electricity usage.
Click [Business](#) to learn more about using SMT and your smart meter to monitor your business electricity usage.

Register Now...
Registration is quick and easy. You can register in as little as 5 - 10 minutes. Register and take control of your electric usage.
Click [Register Now](#) to open a SMT account and start monitoring your electric usage.
If you already have a SMT web site account then enter your ID and Password in the upper right corner of the screen.

Be Texas Energy Smart!

* Your meter information may not be available for access through Smart Meter Texas for up to 60 days after installation of the Smart Meter.
