DEFINITIONS

Glossary of terms found on bill

Basic Charge is a flat amount each month, regardless of the amount gas used, to cover costs incurred even if the customer does not use gas during the billing period.

Cost of Gas is the cost CenterPoint Energy pays for the gas it delivers to its customers.

Delivery Charge is based on the amount of gas delivered, to cover the costs of delivering gas not covered by the Basic

City Franchise Fee is a fee charged by a city to utility companies that provide natural gas, electricity or cable service. Utilities will collect the fee from individual customers and pay it to the city. Utilities receive no revenue from this

Gas Affordability Program (GAP) covers costs to offer a low-income customer co-pay program to reduce natural gas service disconnections. This charge is billed to all noninterruptible customers.

Purchased Gas Adjustment reflects the difference between the base cost of gas established at the time of our most recent rate case and the price paid to purchase and transport the gas you used during this billing period.

Therm is the heating value of gas. Your meter measures CCF (hundreds of cubic feet) which we multiply by the therm factor to determine the heating capacity of the gas you used.

For a more detailed description of each of the terms used on your bill, please visit CenterPointEnergy.com/definitions or call Customer Support at 800-245-2377
