Put money in your customers' pockets, as well as your own, with CenterPoint Energy's Foodservice Incentive Program. Rebates are excellent sales tools to help your customers minimize their cost for high-efficiency natural gas foodservice equipment while also lowering their operating costs. Each time your customers install rebated high-efficiency natural gas foodservice equipment, you earn cash incentives.

## Start earning dealer incentives today!

**Submit a W-9.** For tax purposes, and to pay your incentives, we need a copy of your W-9 on file every two years. To get payments faster, fill out an EFT form and incentives will be deposited directly into your bank account.

**Receive a dealer ID.** Once we have your W-9, we'll assign a six-digit dealer ID to track and pay your incentives. Remember to include it whenever you submit a rebate application.

**Send in completed rebate applications.** Submit rebate forms as you complete installations. We will mail your customer's rebate upon processing and send your incentive checks after the end of each quarter.

**Program dates.** Rebates are for qualifying equipment installed Jan. 1 – Dec. 31. Rebate applications must be received by Dec. 31st of the year equipment is installed.

**Program dates: Jan. 1 – Dec. 31**

To secure your rebate, applications and dated sales invoices must be RECEIVED by DEC. 31.
