

## Home Service Plus® resumes full-service appliance repair, maintenance and installation for your home

Valued Customer and Neighbor,

We hope your family is well. CenterPoint Energy's [Home Service Plus®](#) has stood with you (but not too close) this spring, working hard to safely deliver services essential to your health and comfort. As summer approaches, **we are glad to tell you we are resuming our full menu of repair, maintenance, and installation services for these appliances in your home:**

- Air conditioners
- Natural gas water heaters
- Clothes washers/dryers
- Dishwashers
- Refrigerators
- Ovens, ranges and natural gas grills
- Water softeners
- Humidifiers
- And more...

You may schedule service now [online](#) or by calling **612-333-6466** or **877-477-1664**. We appreciate your patience while we work hard to complete a backlog of work requests in the transition to full-service delivery.

**Our technicians continue to work safely to protect you and your home.** Safety is our core value. Our technicians continue to practice social distancing, wear face masks and nitrile gloves, regularly sanitize their hands and tools, and talk to you about our enhanced safety measures as shown in this video.

We continue to [sell and install](#) water heaters, indoor air quality, cooling and heating equipment.
