

## Application for Pipeline Routing Analysis

This Application requests CenterPoint Energy Houston Electric, LLC's (CNP) Third Party Transmission Services (TPTS) to conduct a Pipeline Routing Analysis for the proposed route below. A Routing Analysis is required for proposed pipeline installations to be aligned along and within a CNP transmission corridor.

**NOTE:** The Routing Analysis application must be submitted prior to the acquisition of property rights for the proposed route to identify potential conflicts with CNP existing or future facilities. This analysis is for preliminary route determination and does not grant the right to install a pipeline(s) within a CNP right of way. After the routing analysis is completed/approved a Grant to Others application must be submitted to CNP's Survey and Right of Way department to obtain the property rights necessary to install within a CNP right of way.
