

# 2024 Industrial Process Equipment Rebate Application

MINNESOTA

**Program dates: Jan. 1, 2024 through Dec. 31, 2024**

- 1) Review the **Terms & Conditions** on the back of this form to ensure all program requirements are met.
- 2) Enclose a dated sales invoice showing the equipment installed, equipment cost and labor, excluding taxes.
- 3) For questions about rebates, please call your account manager or trade ally representative at (612) 321-4330 or (800) 234-5800, Ext. 4330.

## CUSTOMER INFORMATION (Rebate Check Recipient)

Company \_\_\_\_\_  
 Mailing address \_\_\_\_\_  
 City / State / ZIP \_\_\_\_\_  
 Contact person \_\_\_\_\_  
 Phone \_\_\_\_\_  
 E-mail address\* \_\_\_\_\_

\* By providing your e-mail address, you are giving us permission to send you e-mail about our conservation rebates and other programs and services.

## INSTALLATION INFORMATION (where the work took place)

CenterPoint Energy Gas Account # \_\_\_\_\_  
 Company \_\_\_\_\_  
 Property Address \_\_\_\_\_  
 City / State / ZIP \_\_\_\_\_  
 \_\_\_\_\_  
 Customer/Trade Ally/CNP signature

Customer is notified of rebate if signed by Trade Ally/CNP

## TRADE ALLY INFORMATION (Mechanical Contractor, Dealer, Distributor, Plumber)

Company \_\_\_\_\_  
 Trade Ally ID# (6-digit)\* \_\_\_\_\_  
 Mailing address \_\_\_\_\_  
 City / State / ZIP \_\_\_\_\_  
 Contact person \_\_\_\_\_  
 Phone \_\_\_\_\_  
 E-mail address\* \_\_\_\_\_

\*CenterPoint Energy assigns 6-digit Trade Ally ID#'s to participating Trades. If you would like to obtain a Trade Ally ID# or do not know yours, please contact us. A Trade Ally ID# is not required to submit a rebate.

## FOR OFFICE USE ONLY

Rate Class	

## EQUIPMENT INFORMATION (see back for rebate amounts)

	Date Equipment Installed	Equipment Type <sup>†</sup>			Quantity	Boiler Size (MMBTU/hr)	New Boiler Efficiency (PB only) <sup>††</sup>	Boiler Type (hot water or steam)	Utilization Factor <sup>§</sup> (skip if unknown)	Economizer (PBE) Only			Equipment Cost	Labor Cost (PBE and PBTU only)	Rebate Amount
										Economizer Type (condensing or non-condensing PBE only)	Pre-Project Flue Gas Exit Temperature (skip if unknown)	Post-Project Flue Gas			
1.		PB	PBE	PBTU											\$
2.		PB	PBE	PBTU											\$
3.		PB	PBE	PBTU											\$
4.		PB	PBE	PBTU											\$
														<b>Rebate total</b>	\$

<sup>†</sup> PB = process boiler, PBE = process boiler economizer, PBTU = process boiler/burner tune-up

<sup>††</sup> New boiler must achieve 83% for steam boilers or 85% for hot water boilers for rebate eligibility.

<sup>§</sup> The utilization factor is defined as the combination of the boiler's annual average percent of full-load multiplied of annual uptime. For example, the boiler fires, on average, at 50% load for 75% of the year, the utilization factor would be 37.5% (50% x 75%).

# Industrial Process Equipment Rebate

## TERMS & CONDITIONS

### REQUIREMENTS

The qualifying equipment must be new, installed and operational in a Minnesota commercial or industrial business that is served with natural gas from CenterPoint Energy between January 1, 2024 and December 31, 2024.

The completed rebate application and proof of purchase must be submitted to CenterPoint Energy by December 31<sup>st</sup> of the calendar year in which the equipment was installed.

Equipment	Boiler Installed Efficiency	Rebate Amount
Process Boiler Hot Water Boiler (condensing)	> 88%	\$3,500 per MMBtu/hr input
Process Boiler Hot Water Boiler (non-condensing)	85 -88%	\$1,800 per MMBtu/hr input
Process Steam Boiler	> 83%	\$500 per MMBtu/hr input
Process Boiler Economizer (condensing)		\$1,000 per MMBtu/hr input
Process Boiler Economizer (non-condensing)		\$500 per MMBtu/hr input
Process Equipment Tune-Up		25% of tune-up cost

### PROOF OF PURCHASE AND INSTALLATION

A copy of the dated sales invoice showing the equipment installed, equipment cost and labor, excluding taxes.

Boiler efficiency to represent the installed operating efficiency of the boiler for the application (i.e., based on designed return water temperature, average input level, steam pressure, etc.).

Individual boilers are eligible for tune-up rebates only once every other year and must include:

- Measured combustion efficiency using an electronic flue gas analyzer.
- Adjustment of air flow and reduction of excessive stack temperatures.
- Adjustment of draft control.
- Check adequacy of combustion air intake.
- Clean fire side of heat exchanger.

The boiler tune-up rebate is paid out when the following information is submitted:

- The contractor invoice tune-up cost (excluding taxes). Invoice can include the following: tune-up labor, analyzer costs, supplies required to perform the tune-up (parts excluded) and truck charges.
- A documented post-combustion efficiency reading can be included, if available, and can be demonstrated in one of the three ways: a copy of the analyzer tape, a separate form indicating the post efficiency reading, or a post tune-up combustion efficiency written on the front of the rebate form.

### CENTERPOINT ENERGY GAS ACCOUNT NUMBER

Customers can obtain their gas account numbers from their monthly bill statement or online at [CenterPointEnergy.com/MyAccount](https://www.CenterPointEnergy.com/MyAccount).

Account number at installation address must be active in order for rebate to be processed.

### PROCESSING

Completed rebate forms will be processed in the order in which they are received and are paid on the first come, first served basis.

CenterPoint Energy issues a cash rebate, not utility credits. Please allow 6-8 weeks from the time that CenterPoint Energy receives your completed paperwork to receive payment. If you have not received your payment after 8 weeks, please call your account manager or trade ally representative at (612) 321-4330 or (800) 234-5800, Ext. 4330.

*CenterPoint Energy is not responsible if the trade ally does not provide accurate information about the amount of the rebate or equipment eligibility, for incorrect applications that are not submitted in a timely manner. Rebate qualifications and amounts are subject to change. CenterPoint Energy Conservation Improvement Program (CIP) rebate programs may be canceled or changed any time.*

### Application Checklist

All fields on form are filled in

Signature on form

Copy of invoice attached

**Submit completed paperwork by Dec. 31, 2024.**
