

Commercial Trade Ally Incentive Program

CenterPoint Energy's rebate program for high-efficiency natural gas equipment offers big savings for your customers and excellent sales benefits for you. You'll add up cash rewards with our Trade Ally Incentive Program and your customers save when they purchase high-efficiency natural gas equipment.

Equipment	Efficiency rating	Trade ally incentive/unit
Condensing hot water boilers	≥88% efficiency	\$300
Commercial high- and low-pressure steam boilers	≥83% thermal efficiency	\$300
High-efficiency hot water boilers	85-87.9% efficiency	\$150
Turbulators (hot water or steam boiler)		\$75
Modulating burner replacements		\$100
Stack dampers		\$25
Boiler tune-ups*		\$10
Boiler reset controls		\$10
Boiler cut-out controls		\$10
Steam trap repair/replacements** (heating system and industrial process)	Repair/replacement of failed open steam traps	\$5
Linkageless controls		\$50
Pipe insulation (hydronic heat, low- and high-pressure steam heat, and domestic hot water)	Retrofit valve only, moisture sensors do not qualify	\$.20/LF Min. \$20, max. \$200/site
Forced-air furnaces and single package vertical units	92-95.9% AFUE	\$40/unit online form submission
	96-96.9% AFUE	\$20/unit paper form submission
	≥97% AFUE	
Smart thermostats	≥88% thermal efficiency	\$7.50/unit online form submission \$3.75/unit paper form submission
Condensing unit heaters (all sizes)	≥88% thermal efficiency	\$25
Infrared heaters	Low-intensity tube-type	\$25
Demand control ventilation (retrofit only)		\$10
Water heaters (condensing)	≥88% efficiency	\$25
Tank water heaters ≤75,000 Btu, atmospheric	≥.64 UEF (medium usage bin ≤55 gallon)	\$15
Tank water heaters ≤75,000 Btu, power vent	≥.68 UEF (high usage bin ≤55 gallon) ≥.80 UEF (high usage bin >55 gallon)	\$15
Garage air curtains		\$100
CO garage sensors retrofit only		\$10
Garage door hinge spring-loaded		\$25

612-321-4330 ▪ 800-234-5800, ext. 4330

Equipment	Efficiency rating	Trade ally incentive/unit
Ozone laundry		\$100
Modulating clothes dryer retrofit only		\$50
Electronic ignition hearths		\$20/unit online form submission \$10/unit paper form submission
High-volume low-static fans		\$50/fan
Energy recovery wheels		\$100/wheel
Industrial high-efficiency hot water boilers	85 - 87.9%	\$150/boiler
Industrial condensing efficiency hot water boilers	≥88%	\$300/boiler
Industrial steam boilers (high- and low-pressure)	≥83% thermal efficiency	\$300/boiler
Industrial equipment tune-up*		\$100/tune-up
Industrial stack economizers (non-condensing)		\$100/unit
Industrial stack economizers (condensing)		\$100/unit
Industrial boiler turbulators		\$75/boiler
Industrial modulating burner replacements		\$100/burner
Industrial stack dampers		\$25/damper
Industrial boiler reset controls		\$10/control
Industrial boiler cut-out controls		\$10/control
Industrial linkageless controls		\$50/control
Industrial pipe insulation retrofit only (hydronic heat, low- and high-pressure steam heat)		\$.20/LF Min. \$20, max. \$200/site
Custom rebates		up to 10% capped at \$5,000

*Eligible every other year.

**Trap type includes float and thermostatic (F&T), bucket, and thermostatic. Orifice traps do not qualify. Terms and conditions apply.

Program dates: Jan. 1-Dec. 31

- Rebates are only for CenterPoint business customers.
- All sales must be reported within 30 days of installation to qualify.
- A copy of the dated sales invoice with the amount of sale and equipment details must accompany the rebate application. Equipment rebate application forms must be complete to be processed.
- Trade ally incentives will be issued quarterly.

Looking for more ways to help your customers save? Check out our energy efficiency tips at [CenterPointEnergy.com/BusinessEnergyTips](https://www.CenterPointEnergy.com/BusinessEnergyTips).

Trade ally ID number

CenterPoint assigns a six-digit trade ally ID for your incentives, which is also used to expedite rebate processing. In order to assign your company ID, CenterPoint requires a current W-9 to be on file, which we update every two years in tax compliance.

How to submit customer rebate applications and earn your incentives

Online: Download fill-and-print rebate forms at [CenterPointEnergy.com/BusinessRebates](https://www.CenterPointEnergy.com/BusinessRebates).

Email: MNCommercialRebates@CenterPointEnergy.com

Mail: Commercial Rebate Processing
CenterPoint Energy
PO Box 59038, Minneapolis, MN 55459-0038

Fax: 612-321-4561

Online rebate application submission for:

- Single package vertical units
- Forced-air furnaces
- Smart thermostats
- Electronic ignition hearths

Go to [CenterPointEnergy.com/CommercialTradeAlly](https://www.CenterPointEnergy.com/CommercialTradeAlly) and click on *How to submit for rebates*.

Electronic payments

CenterPoint requires banking information and updated W-9 of all new companies to deposit an electronic payment. However, you can request a check by mail with your paperwork.
