## Equipment and customer eligibility

- CenterPoint Energy commercial business customers that install qualifying equipment in CenterPoint Energy's Mississippi service territory
- Equipment must meet program specification requirements. For programs listed with California Energy Wise (CEW) or ENERGY STAR® ratings, refer to [CenterPointEnergy.com/Foodservice](https://www.CenterPointEnergy.com/Foodservice)
- Rebates apply to new equipment only

## Natural gas — the preferred energy choice for cooking

- Precision control for better quality
- High-efficiency with lower operating costs
- Annual energy costs for customers using natural gas has been lower than the cost for propane, fuel oil, or electricity since 2010—and it's projected to stay low through 2040
- As a primary fuel, natural gas can be used in its natural state rather than undergoing a conversion process at a power plant, which creates emissions and waste energy

**Program dates: Jan. 1 – Dec. 31**

To secure your rebate, applications and dated sales invoices must be RECEIVED by DEC. 31.
