## Equipment and customer eligibility

- CenterPoint Energy commercial customers who install qualifying equipment in CenterPoint's Mississippi service territory
- Equipment must meet program specification requirements. For programs listed with California Energy Wise (CEW) or ENERGY STAR® ratings, refer to [CenterPointEnergy.com/Foodservice](https://CenterPointEnergy.com/Foodservice)
- Rebates apply to new equipment only

## Natural gas – the preferred energy choice for cooking

- Precision control for better quality
- High efficiency with lower operating costs
- As a primary fuel, natural gas can be used in its natural state rather than undergoing a conversion process at a power plant, which creates emissions and waste energy
- Annual energy costs for customers using natural gas has been lower than the cost for propane, fuel oil or electricity since 2010—and it's projected to stay low through 2040

## Start earning trade ally/dealer incentives today!

Three simple steps to incentives:

### 1. Submit a W-9

To comply with tax laws and to pay your incentives, we need a current copy of your W-9 on file every two years. Please fill out an EFT form and incentives will be direct-deposited.

### 2. Receive a trade ally/dealer ID

Once we have your W-9, you'll receive a 6-digit trade ally/dealer ID to track and pay your incentives. Include it whenever you submit rebate applications.

### 3. Send completed application

After installations are complete, submit rebate applications. We will mail your customers' rebates upon processing and send your incentive checks to you quarterly.

*Terms and conditions apply. See detailed qualifications, rules and requirements on the rebate application.*
