Put money in your customers' pockets, as well as your own, with CenterPoint Energy's Foodservice Incentive Program. Rebates are excellent sales tools to help your customers minimize their cost for high-efficiency natural gas foodservice equipment while also lowering their operating costs. Each time your customers install rebated high-efficiency natural gas foodservice equipment, you earn cash incentives.

To secure your rebate, applications and dated sales invoices must be RECEIVED by DEC. 31.

How to apply for rebates

Program dates: Jan. 1 – Dec. 31

Three simple steps to receive a rebate:

1. Use our **online** fill-and-print forms to apply for rebates at your convenience.

CenterPointEnergy.com/Foodservice

2. **Mail or email the completed paperwork so it is received by Dec. 31.**

Allow six to eight weeks for rebate processing.

CenterPoint Energy
C/O CLEAResult

210 Park Avenue, Suite 1000
Oklahoma City, OK 73102

3. **Rebate applications must include a dated copy of the paid, itemized invoice(s).** Invoice(s) must include brand, complete model number, purchaser's name, and installation address.

Note: See detailed qualifications, rules and requirements on the rebate application.brand, complete model number, purchaser's name and installation address.

Natural gas — the preferred energy choice for cooking

- Precision control for better quality
- High efficiency with lower operating costs
- As a primary fuel, natural gas can be used in its natural state rather than undergoing a conversion process at a power plant, which creates emissions and waste energy.
- Annual energy costs for customers using natural gas has been lower than the cost for propane, fuel oil, or electricity since 2010—and it's projected to stay low through 2040.

Equipment and customer eligibility

- Equipment must meet program specification requirements. For programs listed with California Energy Wise (CEW) or ENERGY STAR® ratings, refer to CenterPointEnergy.com/Foodservice.

Start earning trade ally/dealer incentives today!

Three simple steps to incentives:

1. Submit a W-9

For tax purposes, and to pay your incentives, we need a copy of your W-9 on file every two years. To get payments faster, fill out an EFT form and incentives will be deposited directly into your bank account.

2. Receive a trade ally/dealer ID

Once we have your W-9, we'll assign a six-digit dealer ID to track and pay your incentives. Remember to include it whenever you submit a rebate application

3. Send completed application

Submit rebate forms as you complete installations. We will mail your customer's rebate upon processing and send your incentive checks after the end of each quarter.

Terms and conditions apply. See detailed qualifications, rules, and requirements on the rebate application.

Program dates. Rebates are for qualifying equipment installed Jan. 1–Dec. 31. Rebate applications must be received by Dec. 31 of the year equipment is installed.

CenterPointEnergy.com/Foodservice

Nearly 90% of chefs prefer cooking with natural gas.
