- Transportation Features**
- FM Road
  - Local Road
- Hydrologic Features**
- NHD Flowline
  - NHD Waterbody
  - NWI Mapped Wetland
- Administrative Features**
- City Limits
  - County Boundary

USA Topographic Imagery provided by ESRI

Some data layers including tract boundaries, roads, and oil/gas pipelines obtained from third-party sources may be inaccurate to varying degrees. These data have not been corrected in all locations and should be used as a general guide to feature locations only. Digitization of proposed transmission line segments was performed based on aerial interpretation of these features.

Some legend symbols are enlarged for easier identification.

Some features are exaggerated to better identify paralleling opportunities.
