

Instructions for Energy Efficiency Identification Notice Form for Distribution Voltage Industrial Customers Pursuant to P.U.C. Subst. R. 25.181(w)

Note: This form applies only to a for-profit entity engaged in an industrial process taking electric service at distribution voltage that qualifies for a tax exemption under Tax Code §151.317. Please note the facilities identified in this notice will not be eligible to participate in any utility-sponsored energy efficiency programs provided by CenterPoint Energy for three years following the effective date.

- A. A completed notice form shall consist of the following.
 - 1. A completed Energy Efficiency Identification Notice Form for Distribution Voltage Industrial Customers.
 - 2. A copy of the customer's Texas Sales and Use Tax Exemption Certification (pursuant to Tax Code §151.317).
- B. The identification notice is limited solely to the metered point of delivery of the industrial process taking place at the consuming facilities. A metered point of delivery is identified by an ESIID in competitive areas and a utility account number in non-competitive areas.
- C. Eligible meter points are those metered points of delivery for a for-profit entity that is engaged in an industrial process taking electric service at distribution voltage that qualifies for a tax exemption under Tax Code §151.317.
- D. Identification Notices shall be submitted not later than February 1, 2021 to be effective on March 1, 2022 of the following program year.¹
- E. Identification Notices are effective for a three-year period and must be renewed every three years.
- F. Identification Notices will be treated as confidential, highly sensitive protected material by the utility.
- G. The completed notice shall be submitted to:
