

TAKE CONTROL OF YOUR ENERGY USE AND SAVE

CenterPoint Energy offers FREE low-flow devices through the Commercial Direct Install Program.

FREE low-flow spray valves, faucet aerators and showerheads

Commercial Direct Install Program technicians will install natural gas and water-saving products as is appropriate for your operation. Products commonly include high-efficiency spray valves and faucet aerators. Together, these measures can save you hundreds of dollars per year in natural gas and water costs. Best of all, **they're available at no cost to you, and installation is free, too!** See the chart below for examples of natural gas and dollar savings.

Savings estimates for low-flow direct install equipment

Available DI Measures	Average Annual Energy Savings Per Unit Installed (CCF)	Average Annual Energy Savings Per Unit Installed (\$)*
Aerator	18	\$9.90
Pre-Rinse Spray Valve	350	\$192.50
Showerhead	13	\$7.15

*Based on \$0.55/CCF cost of natural gas

Program Participation Agreement

CenterPoint Energy's Commercial Direct Install Program (herein referred to as "Program") is designed to help commercial customers significantly reduce natural gas use and achieve a more profitable bottom line through energy efficiency improvement projects. CLEARResult is a CenterPoint Energy contractor that delivers the Program on behalf of CenterPoint Energy to its Participants.

Participant _____

Account Number _____

Main Contact _____

Facility Address(es) _____

City, State, ZIP _____

Telephone _____

Email _____

Participants understand and agree to CenterPoint Energy's Commercial Direct Install Program terms:

- Participant agrees that participation in this Program shall impose no liability on CenterPoint Energy and that, in particular, CenterPoint Energy shall not be liable to Participant or any third party for any direct, indirect, punitive, special, incidental or consequential damages, including, without limitation, lost revenues or lost profits, arising out of or in any way connected with Participants' participation in the Program.
- Participant may be eligible to receive direct installation of specific energy-saving devices which are provided at no cost to the Participant. If electing to receive direct installation of energy-saving equipment, the Participant agrees to maintain the equipment for a minimum of one (1) year and has 30 days to request the replaced equipment. In the event that any of the energy-saving devices are removed prior to the one year minimum term, the Participant agrees to notify CLEARResult.

Participant signature: _____

Date: _____

Steps to participate:

1. Contact CenterPoint Energy's contractor and program administrator, CLEARResult, to learn how the Commercial Direct Install Program can benefit your facility.
2. Sign and submit the participation agreement.
3. Send required paperwork to:
CLEARResult,
Attn: Bryan Vericker,
1 Allied Dr., Ste. 1600,
Little Rock, AR 72202

Program deadlines

The CenterPoint Energy Commercial Direct Install Program will offer energy-saving devices to eligible natural gas customers for projects completed no later than December 1 of the current program year. Alternate deadlines up to December 31 of the current program year may be considered on a case-by-case basis.
