

RATE 375

CONTRACT TRANSPORTATION SERVICE

APPLICABILITY

This Rate Schedule shall be applicable to any Non-Residential Customer that has an Annual Usage of 6,000,000 Billing Ccf or greater, when, in the judgment of Company, its service facilities are adequate to render Gas Service to Customer without impairing the quality of Company's Gas Service to other Customers.

Gas Service rendered under this Rate Schedule shall be subject to Company's General Terms and Conditions included in this Tariff for Gas Service, Transportation Terms and Conditions (Large Transportation Service) in Sheet No. 50, the Nomination and Balancing Provision (Large Transportation Service) in Sheet No. 51, and the Commission's Regulations.

In addition, Large Transportation Customer receiving service hereunder that has not joined a Pool will also be required to receive service under Rate 380, Pooling Service. Nothing in Rate 375 restricts a customer's right to select a supplier or Pool Operator.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Transportation Service.

Interim Prepaid Supply Service as described below may also be provided under this Rate Schedule at Company's sole discretion. Gas Service provided hereunder shall be metered separately and all charges shall be calculated separately from Gas Service provided under any other Rate Schedule. The delivery pressure to Customer shall be that which is available at Customer's Premises.

Company shall provide Transportation Service from existing pipeline delivery points specified by Company to Customer on a non-discriminatory basis subject to the capacity of Company's Operational Systems.

RATES AND CHARGES

The monthly Rates and Charges for Gas Service under this Rate Schedule shall be:

Customer Charge (regardless of usage):
\$1,750.00 per meter

Volumetric Charge:
\$0.10451 per Ccf for the first 400,000 of Billing Ccf, plus

Filed pursuant to the Opinion and Order dated January 7, 2026 in Case No. 24-0832-GA-AIR of The Public Utilities Commission of Ohio.

RATE 375

CONTRACT TRANSPORTATION SERVICE

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Charge plus applicable Riders.

Additional Charges:

Costs and charges for service under this Rate Schedule are subject to modification and may include additional costs and charges that the Commission may authorize.

Competitive Flexibility:

The above Rates and Charges may be reduced, in Company's reasonable discretion, as necessary to retain or attract Customer's gas load.

Miscellaneous Charges: The Miscellaneous Charges set forth in Sheet No. 30, Miscellaneous Charges, shall be charged to Customer if applicable.

CONTRACT

To qualify for this Rate 375, Customer must enter into a written contract with Company that specifies the terms and conditions for Gas Service to be provided under this Rate Schedule. The contract must have a term of at least five (5) years. Customer must also agree that during the term of a written contract for Gas Service to be provided under this Rate Schedule, Customer will not bypass Company's system via a direct or indirect interconnection with another transporter or distributor of Gas Service or displace or substantially reduce Company's provision of Gas Service to Customer through the use of an energy source other than natural gas.

The maximum delivery charge for all deliveries by Company to Customer of Customer-owned gas under this provision will be equal to the Contract Transportation Service, Rate 375, base rate then in effect. When a Customer can demonstrate to the Company and requests that a charge lower than the maximum delivery charge is necessary because of competition from a pipeline, distribution system or non natural gas fuel source, then the Company may charge a rate lower than the maximum delivery charge for all deliveries, and may also include a revenue guarantee, adequate assurance of payment, and any other commercially reasonable terms mutually agreed upon by Company and Customer.

The minimum rate shall not be less than the variable cost of providing service hereunder plus some contribution to total Company fixed costs. Unless otherwise agreed by Company and Customer, Customer shall pay the maximum rate for all volumes delivered hereunder.

MEASUREMENT REQUIREMENT

For purposes of permitting daily meter reading, Company shall, where available, install, provide, and maintain cellular equipment and service on Customer's Premises. Until such time that cellular service is installed, or where cellular service is otherwise unavailable, Customer shall install, provide, and maintain on the Premises at a location specified by Company such telephone equipment and service as required for Company's gas measurement equipment and related communications equipment. If Customer's telephone line is deemed inadequate or unreliable for purposes of providing measurement data, and cellular service is unavailable, Company may require Customer to provide a dedicated telephone line in order to continue Transportation Service under this Rate Schedule.

RATE 375

CONTRACT TRANSPORTATION SERVICE

Company shall post preliminary Customer usage throughout the month on its Gas Tracking System (“GTS”) as soon as practicable the day after the end of the Gas Day, and Company will endeavor to do so by 10:30 a.m. Central Clock Time. Preliminary Customer usage will be posted on a best efforts basis and, even in the absence of such posting, shall not be considered reflective of the actual usage to be used for billing purposes.

If the measurement equipment fails to register or registers incorrectly, Company will estimate as accurately as is practicable, the quantity of gas delivered. Customer will pay for Gas Service provided based on such estimate(s), in accordance with the terms and provisions of this Tariff for Gas Service.

CURTAILMENT

Customer shall limit gas usage as directed by Company pursuant to the Curtailment Procedures on file with the Commission. Except in emergencies, Company will endeavor to give four (4) hours advance notice of such Curtailment. Company shall not be liable in damages or otherwise to Customer for any loss of production or due to the lack of advance notice to Customer.

If Customer uses gas in excess of the volume authorized during any Curtailment Period, an Unauthorized Gas Usage Charge as set forth in Sheet No. 30, Miscellaneous Charges, shall be assessed to Customer. In the event Customer fails to comply with Company's Curtailment, Company reserves the right to discontinue Gas Service to Customer.

CREDITWORTHINESS EVALUATION

Company shall perform a creditworthiness evaluation of Customer consistent with Company's standard creditworthiness evaluation practices, including an assessment of the credit risk exposure resulting from, but not limited to, distribution rates and charges, imbalance cashout charges, interstate pipeline capacity charges, pipeline cashout charges, pipeline penalty charges, reservation charges, and any other amounts owed to Company. If at any time Company determines that the credit risk exposure is greater than any unsecured credit that may be granted resulting from the creditworthiness evaluation, Customer must provide Company with adequate Financial Assurance to cover the difference between the credit risk exposure and any unsecured credit granted prior to, or to continue, receiving service. The provisions of this Rate Schedule and Contract between Company and Customer shall govern Company's creditworthiness requirements and procedures.

INTERIM PREPAID SUPPLY SERVICE

In the event Customer is temporarily unable to obtain supply from a Supplier or Pool Operator, Customer may request that Company attempt to secure interim supply. If interim supply is available, Company shall have no obligation to secure it unless Customer first executes a written agreement with Company and prepays for such service in full. Such service may be provided on an interruptible basis for a term not to exceed two (2) months, unless a commercially reasonable longer term is mutually agreed upon in writing. Customer shall be responsible for meeting all creditworthiness requirements as determined by Company and for all costs incurred by Company associated with such supply, including, without limitation, pre-payment to Company for gas supply and any other costs related to costs incurred by Company. The price of gas costs will be at the then-current market price and the Company will not provide any discounts on the cost of gas or otherwise implement this provision in a way that would subsidize other service to Customer.
