

# Save energy and money with our Indiana Small Business Energy Solutions (SBES) program.

## Small Business Energy Solutions (SBES)

**Eligibility:** SBES is available to small businesses with a monthly electric demand of 400 kilowatts (kW) or less. If you are a nonprofit entity or multifamily facility, there is no kW restriction.

A multifamily facility is defined as a residential building containing 2+ units that have common space that is covered under a CenterPoint Energy commercial electric account. Buildings may include but are not limited to: apartment buildings, condominiums, cooperatives, duplexes, quadruplexes, townhomes, nursing homes and retirement service centers.

Examples of eligible energy-efficient equipment projects:

- Indoor/outdoor LED lighting
- LED exit signs
- Lighting occupancy sensors
- Refrigerator/freezer efficiencies
- Thermostats

## The process is simple

- **Visit [CenterPointEnergy.com/SBEScontractors](https://www.CenterPointEnergy.com/SBEScontractors)** for our list of approved SBES contractors.
- **Schedule an energy assessment.** A contractor will conduct an energy assessment and identify energy-saving opportunities at your facility. The no-cost, no-obligation assessment includes:
  - A high-level report recommending energy-saving improvements
  - Access to the highest rebates available for CenterPoint business customers
- **Select energy-saving improvements.** Ask your contractor to schedule a follow-up visit to install your improvements.
- **Receive CenterPoint's instant discounts** from your contractor. No waiting for a rebate check or additional forms to complete – you only pay the balance of what you owe after the discounts.

## Contact us today to start saving!

Small business and multi-family assessments are available to Indiana locations utilizing CenterPoint's commercial electric service. To see if your business is eligible and to sign-up for a no-cost energy assessment, **contact us at [IndianaBizPrograms@CenterPointEnergy.com](mailto:IndianaBizPrograms@CenterPointEnergy.com) or 855-220-1399.**

**[CenterPointEnergy.com/SBEScontractors](https://www.CenterPointEnergy.com/SBEScontractors) • 855-220-1399**

*Only preapproved contractors can perform services in the SBES Program. See the application for details and full requirements. Terms and conditions apply.*
