APPLICABILITY

School/Government Pooling Service is an optional service applicable to any School/Government Supplier that has applied for and been approved under the Creditworthiness Standards and Requirements herein.

CHARACTER OF SERVICE

Pooling will not be permitted across multiple operational systems or transportation programs unless approved in advance by Company.

Creditworthiness Standards and Requirements:

In order to qualify for participation under the School/Government Pooling Service, School/Government Supplier must pass an initial financial evaluation performed by Company, and any such subsequent evaluation(s) deemed appropriate by Company, to ensure that School/Government Supplier possesses sufficient resources to perform its responsibilities and to ensure financial performance under this Rate Schedule. In addition, if School/Government Supplier's participation in School/Government Pooling Service was previously terminated due to School/Government Supplier's non-compliance, School/Government Supplier shall provide information acceptable to Company that such cause for non-compliance has been corrected and will be avoided in the future. All prior delinquencies must be cured prior to commencing participation in the School/Government Pooling Service. A School/Government Supplier desiring to participate in the School/Government Pooling Service will be evaluated by the Company to establish credit levels acceptable to the Company. The Company will apply, on a non-discriminatory basis, reasonable financial standards to assess and examine a School/Government Supplier's creditworthiness. These standards will take into consideration the scope of the operations of each School/Government Supplier and the level of risk to Company. In order to pass Company's financial evaluation, School/Government Supplier may be required to provide security, the form and amount of which shall be specified by Company.

Financial evaluations will be based on standard credit factors such as audited financial statements and credit ratings, Pool Customers' payment histories, and other related financial information that has been independently audited, if available. Company shall determine creditworthiness based on the above criteria and will not deny School/Government Supplier's participation in the School/Government Pooling Service without reasonable cause.

Company reserves the right to conduct a financial re-evaluation of School/Government Supplier from time to time. Such re-evaluation may be initiated either by a request from School/Government Supplier, or by Company if Company reasonably believes that the creditworthiness of School/Government Supplier may have changed or that the operating environment or other conditions may have changed that may have increased the risks posed by operations of the Pool. Based on such re-evaluation, School/Government Supplier's level of participation may be increased or decreased, additional security may be required, or School/Government Supplier may be removed from further participation in School/Government Pooling Service.
