

BILL PAYING ASSISTANCE

Paying your natural gas bill during the heating season may pose a challenge. If you are having difficulty or anticipate having difficulty paying your bill, call the Customer Service number on your bill to make payment arrangements. There are also energy assistance programs available to qualified customers.

Energy Assistance Programs

Additional financial assistance is available for qualified customers needing help paying their natural gas bill. For more information on Low Income Home Energy Assistance Programs (LIHEAP), energy efficiency tips or a complete list of other payment assistance resources please visit **CenterPointEnergy.com/PaymentAssistance**. Another resource for payment assistance is **www.mdhs.ms.gov/community-services/liheap**.

Where To Apply

Applications are taken at Community Action Agencies or Human Resource Agencies. If you do not know your local agency, you may call Community Services at 601-359-4768 or toll-free at 800-421-0762.

Energy Savings Tips

Steps like lowering your thermostat to 68 degrees when you're home and lower when you're not, lowering your water heater temperature to 120 degrees, wrapping your water heater pipes, and changing your furnace filter monthly can lower your natural gas bill. For more information visit **CenterPointEnergy.com/ReadyForWinter**.
