

Pole Attachments on Centerpoint Owned Poles

For Cable TV, Telephone and Communications Providers

Centerpoint allows pole attachments in accordance with, and to the extent required by Federal Communications Commission (FCC) regulations, by bona fide cable TV (CATV) and telecommunications service providers.

Centerpoint also allows communications attachments by local governmental entities in accordance with established franchise ordinances and rights-of-way agreements between Centerpoint and the involved governments.

Private installations are not allowed.

Entities requesting access to Centerpoint Indiana poles can contact Centerpoint at the following email address:

INPoleAttachments@CenterPointEnergy.com

A pole attachment application or overlash notification shall meet the requirements found in the **Pole Attachment Guidelines** available on website or upon request from INPoleAttachments@CenterPointEnergy.com.

Approved Contractors

Pole Load Analyses / Surveys: The list below contains contractors approved by Centerpoint Indiana to provide a pole loading analysis including structural and vertical clearance analyses (collectively, pole loading analysis or PLA) on Centerpoint's facilities. PLA requirements can be requirements found in the **Pole Attachment Guidelines** available on website or upon request from INPoleAttachments@CenterPointEnergy.com.
