PART III - Rate Schedule No. 5

Title: UNMETERED GAS LIGHT FIRM SALES SERVICE (GL-1)

PSC File Mark Only

5. UNMETERED GAS LIGHT FIRM SALES SERVICE (GL-1)

5.1. AVAILABILITY

5.1.1. This rate schedule is available at points of adequate capacity and suitable pressure. This rate schedule is available to new or existing customers for unmetered gas, to be used solely for the continuous operation of natural gas lighting fixtures. Service under this rate schedule is offered at the Company's discretion, and only when metering the lighting fixtures' consumption is not economical.

5.1.2. This rate schedule is applicable to unmetered, continuously burning, natural gas lighting. The natural gas lighting fixture must be equipped with a natural gas or L.P. regulator approved by the Company, capable of regulating Company's main line pressure down to an appropriate pressure level. Where applicable, the natural gas lighting fixture must also be equipped with an orifice that will restrict gas flow to the appropriate cubic feet per hour input capacity rate, identified in this schedule. Customer is responsible for all natural gas lighting fixture modifications, maintenance, and installation. Company must inspect and approve the lighting fixture, any fixture modifications, and fixture installations, before natural gas service is made available.

5.1.3. Company is responsible for providing a main line tap, cut-off valve, and up to 75 feet of service line per natural gas lighting fixture. Customer will be responsible for the cost of service line installation beyond 75 feet. Company must inspect and approve the natural gas lighting fixture, any fixture modifications, and fixture installation, before natural gas service is made available.

PART III - Rate Schedule No. 5

Title: UNMETERED GAS LIGHT FIRM SALES SERVICE (GL-1)

PSC File Mark Only

5.1.4. The Ccf to be billed during a billing period shall be calculated using the following procedure: (A) Manufacturer's rated input for each gas light in cubic feet per hour; multiplied by (B) the number of lights in installation; multiplied by (C) 7.3.

5.2. RATE

5.2.1. The customer shall be charged in accordance with the currently effective residential or commercial rate schedule otherwise applicable to the customer served hereunder.

5.3. MINIMUM CHARGE

5.3.1. The minimum charge rate shall be computed in accordance with the currently effective residential or commercial rate schedule otherwise applicable to the customer served hereunder.

5.4. RIDERS

5.4.1. The applicability of riders shall be in accordance with the currently effective residential or commercial rate schedule otherwise applicable to the customer served hereunder, except for the WNA Rider, which shall not apply, as gas light usage is not affected by weather.

5.4.2. Service will be rendered under this rate schedule until service is discontinued to customer or until the schedule is superseded by Arkansas Public Service Commission action.

5.5. RULES AND REGULATIONS GOVERNING UTILITY SERVICE

5.5.1. The Arkansas Public Service Commission General Service Rules and the Company's rates and policies as presently on file with the Arkansas Public Service Commission, as the same may from time to time be changed in
