8. SMALL COMMERCIAL FIRM SALES SERVICE—NGV (SCS-3)

8.1. AVAILABILITY

8.1.1. This rate schedule is available at points of adequate capacity and suitable pressure on the Company's existing facilities. This rate schedule is available to any consumer engaging in business, professional, institutional, agricultural or other non-residential activity who purchases annual volumes less than 365,000 Ccf and who receives this natural gas from the Company through an individual meter, and whose sole usage of natural gas through this meter is to provide compressed natural gas for use as a vehicle fuel. Standby Service is not available under this rate schedule.

In cases where this compressed natural gas is resold to the public, the end price of the compressed natural gas sold or delivered by the customer to the vehicles receiving the compressed natural gas is not subject to the regulated pricing restrictions of this rate schedule.

8.1.2. Company has historically allowed the volume usage of meters at business facilities under common ownership and subject to this rate schedule to be aggregated for the sole purpose of establishing eligibility for transportation as referenced in Part 3.1.3. of Rate Schedule LCS-1. Customers historically qualifying for transportation under this aggregation provision shall remain subject to the rates and charges under this rate schedule in addition to any additional specific rates, charges, or adjustment riders peculiar to the Transportation Supply Option ("TSO") set out in Rate Schedule LCS-1, such as, but not limited to, administrative fees. Customers aggregating volume shall be subject to all provisions and policies governing TSO option customers as specified in LCS-1, except as provided for herein. Although no aggregation will be allowed for eligibility, the ability to aggregate for eligibility purposes at existing and

new locations shall remain unchanged for transportation customers eligible under such aggregation provision prior to September 21, 2002. Future aggregation for the purpose of qualification, except as otherwise referenced herein, is prohibited. Each individual account of historically qualified customers shall be treated as a separate account and shall be subject to the same rates and charges under the originating SCS-3 or LCS rate schedule, and are additionally subject to any specific rates, charges or riders specific to the TSO.

For the purpose of establishing eligibility for the TSO defined in the LCS rate schedule, customers experiencing or anticipating an average daily demand of 10 MMBtu per day during the preceding or succeeding twelve months will be eligible for the TSO. Customers qualifying for transportation who choose the TSO shall be subject to rates and charges under the SCS-3 rate schedule, and are additionally subject to any additional specific rates, charges or riders specific to the TSO.

8.1.3 Customers converting from transportation service to sales service will be required to contract for such sales services between the months of February through April preceding the expiration of the primary or any succeeding term of the Customer's existing contract. Customers seeking to contract for sales service during the required time frame will be allowed to convert to sales service provided that the Company is able to secure firm upstream transportation capacity and other upstream pipeline services sufficient to meet the Customer's needs. Any such conversion will be effective upon the expiration of the term of the Customer's existing contract, unless the Company and the Customer agree otherwise.

8.1.4. Seasonal Transportation. Customer facilities experiencing more than 80% of annual load during the flow months April through October, and who

experience or anticipate an average daily demand of more than 10 MMBtu per day during any consecutive 30-day period of the preceding or succeeding April through October, are eligible to transport on a seasonal basis. Customers meeting the aforementioned criteria, may elect the TSO option and choose a subsequent return to the System Supply Option (“SSO”) only once during the calendar year. Customers electing the TSO on a seasonal basis, pursuant to notice given prior to May 31st or thirty days prior to commencement of service, whichever is earlier, may receive transportation service for a continuous period of at least 30 days between April 1 and October 31. Customers electing the TSO option on a seasonal basis are subject to the TSO contract administration fee. Additionally, each participating location shall pay a \$300 set-up fee upon initial election and upon any subsequent return to transportation service.

8.1.5. Term. This rate schedule shall have an extended term of the shorter of three (3) years from the date of Commission approval or the completion of the Company’s next general rate filing, unless otherwise extended further by Order of the Commission.

8.2. RATES

8.2.1. Each customer receiving service under this rate schedule shall be charged the sum of (a), (b), and (c) as follows:

(a) Monthly Customer Charge - \$15.63. The monthly customer charge shall be pro-rated in the months that the customer initiates and terminates gas service.

(b) Distribution Rate for customers electing the SSO option:
