
LARGE VOLUME FIRM TRANSPORTATION SERVICE

Availability:

Available to any firm customer whose peak day requirements are greater than or equal to 2000 therms for the delivery of gas owned by the customer from a CenterPoint Energy Town Border Station(s) to a meter location on the customer's premise.

Rate:

Monthly Basic Charge \$1,000.00

	DELIVERY CHARGE	COST OF GAS
Demand charge (of billing demand)	\$0.42990	\$0.70104
Commodity charge (per therm)	\$0.07048	

Interim Surcharge

Effective January 1, 2020, customers' bills will be increased on an interim basis by 13.7% on the monthly basic charge, the GAP charge, and the delivery charge per therm. Any sales tax and franchise fees will be calculated on the increased bill. If the total amount of the rate increase approved at the end of the rate case (Docket G-008/GR-19-524) is lower than the total amount of the interim rates collected, the Company will refund the difference with interest, and if the total amount of the final rates are higher than the total amount of interim rates, the Company will not charge the customer for the difference.

Special Conditions:

- 1) Customer will provide CenterPoint Energy's Transportation Services Department in writing (or by electronic communication) with a reasonable estimate of total monthly consumption at least five (5) working days prior to the end of the preceding month.
- 2) Customer is responsible for reimbursing CenterPoint Energy for all incremental on-site plant investments, including telemetry equipment, required by CenterPoint Energy for providing transportation services to the customer. This investment shall remain the property of CenterPoint Energy.
- 3) If customer is an existing customer taking service under the firm sales service tariff, customer is responsible for the stranded Cost of Gas Demand Charge shown above. However, CenterPoint Energy would forego the gas-related portion of the demand charge per therm as set forth on the tariff, provided that CenterPoint Energy can either utilize or reduce its transportation obligations such that there will be no stranded cost for the remaining firm service customers.

Therm Factor Adjustment:

Customer metered usage will be adjusted to reflect the following: 1,000 Btu per cubic foot, base pressure of 14.73 PSIA, and a gas temperature of 60 degrees Fahrenheit.

Minimum Monthly Bill:

When no consumption occurs during the billing month, the basic monthly charge applicable as listed above plus the Monthly Demand Charge will apply.

Billing Demand:

The demand in therms for billing purposes shall be the customers' highest daily usage during the preceding calendar year.

Nomination:

Customer requesting volumes to flow on the first day of any month must directly advise CenterPoint Energy's Transportation Services Department in writing (by facsimile or email), by 9:00 a.m. central standard time, five (5) working days prior to the end of the preceding month, of the initial daily volumes to be delivered on its behalf from the Town Border Station to the customer's premise.

LARGE VOLUME FIRM TRANSPORTATION SERVICE (CONTINUED)**NOMINATION (CONTINUED):**

Customer requesting changes to scheduled deliveries commencing at 9:00 a.m. central clock time (CCT), must directly advise CenterPoint Energy's Transportation Services Department in writing (or electronic communication), by 9:00 a.m. CCT on the preceding day (24 hours in advance), of the volumes to be delivered on its behalf from the Town Border Station to the customer's premise. CenterPoint Energy will utilize reasonable efforts to accommodate changes requested after the deadline.

Customer will provide CenterPoint Energy's Transportation Services Department with a concurrent copy of all nominations made to the transporting pipeline for deliveries nominated to CenterPoint Energy's Town Border Station(s).

Balancing:

To maintain the operational integrity of CenterPoint Energy's distribution system, the customer is responsible for:

- 1) scheduling deliveries which accurately reflect customer's expected total daily consumption; and
- 2) balancing deliveries to CenterPoint Energy's system with volumes consumed at the delivery point.

Daily Balancing

When daily volumes of natural gas delivered on behalf of customer to CenterPoint Energy's Town Border station receipt points or natural gas received at customer's designated delivery point differ, above or below daily nominated scheduled volumes, the customer is out-of-balance. It is the customer's sole responsibility to maintain balance between nominated volumes and actual use, however, CenterPoint Energy reserves the right to adjust or refuse nominations to maintain balance.

Volume differences between daily receipts and deliveries shall be accumulated and recorded in customer's account. CenterPoint Energy shall determine the imbalance quantity for each day on a therm basis. CenterPoint Energy shall then account for the imbalance volumes as follows:

- 1) Non-SUL/SOL/CRITICAL DAYS – When a customer's scheduled deliveries to the company differ from daily consumption by more than 5%, the customer will be charged Northern Natural Gas Company's maximum TI rate per therm for each imbalance therm. The current maximum TI rate is:

November – March	\$0.06570 per therm
April – October	\$0.02567 per therm
- 2) SUL Days – On days in which Northern Natural Gas Company declares a System Under run Limitation (SUL), the 5% daily imbalance tolerance will be suspended and a daily charge of \$.10 per therm for each therm of consumption less than the confirmed nomination will be charged. If consumption is greater than the confirmed nomination, there is no charge.
- 3) SOL Days – On days in which Northern Natural Gas Company declares a System Overrun Limitation (SOL), the 5% of daily imbalance tolerance will be suspended and daily charges for each therm of consumption greater than the confirmed nomination will apply as follows:
 - a. For consumption up to 105% of confirmed nomination, \$.10 per therm.
 - b. For consumption greater than 105% of confirmed nomination, \$1.090 per therm. If consumption is less than the confirmed nomination, there is no charge.
- 4) Critical Days – On days in which Northern Natural Gas Company declares a Critical Day, a charge equal to the daily delivery variance charge (DDVC) of the pipeline will apply to those volumes in excess of the confirmed nomination level. Currently this charge is as much as \$11.30 per therm.

LARGE VOLUME FIRM TRANSPORTATION SERVICE (CONTINUED)

Customers transporting into CenterPoint Energy's system on pipelines other than Northern Natural Gas will be subject to daily imbalance tolerances and fees as specified in those pipeline's FERC approved tariffs, in lieu of the tolerances and fees specified above. As Northern revises this rate schedule, the company's rate will be adjusted accordingly after receiving Commission approval.

Monthly Balancing:

Volume differences between monthly receipts and deliveries shall be accumulated and recorded in customer's account. CenterPoint Energy shall determine the imbalance quantity for each month on a therm basis. CenterPoint Energy shall then account for the imbalance volumes as follows:

- 1) For negative imbalances on Northern Natural Gas Pipeline - when a customer's monthly consumption exceeds total deliveries to CenterPoint Energy for that customer by more than 2%, the excess usage will be billed to the customer at 120% of the monthly index price plus transportation charges. The monthly index price shall equal the average daily price reported in *Platts Gas Daily* for deliveries into Northern Natural Gas Pipeline at Ventura. Transportation charges shall equal the commodity transportation charge as published in Northern Natural Gas Pipeline tariffs for interruptible transportation service. For negative imbalances less than or equal to 2%, the excess usage will be billed at 100% of the monthly index price plus transportation charges.
- 2) For positive imbalances on Northern Natural Gas Pipeline - when a customer's total monthly deliveries exceed customer's monthly consumption by more than 2%, the dollar value of the excess gas deliveries will be credited to the customer's account at 80% of the monthly Index price plus transportation charges. Transportation charges shall equal the commodity transportation charge as published in Northern Natural Gas Pipeline tariffs for firm transportation service. For positive imbalances less than or equal to 2%, the excess usage will be credited at 100% of the monthly Index price plus transportation charges.
- 3) Customers transporting into CenterPoint Energy's system on Viking Pipeline will be subject to monthly imbalance tolerances and fees as specified in that pipeline's FERC approved tariffs, in lieu of the tolerances and fees specified above. The monthly index price shall equal the average daily price reported for deliveries into Emerson.

Failure of Transportation Supply:

If a customer or a customer's supplier notifies CenterPoint Energy that it will be unable to deliver volumes to CenterPoint Energy's Town Border Station sufficient to meet daily consumption, CenterPoint Energy will use reasonable efforts to make gas available to the customer.

LARGE VOLUME FIRM TRANSPORTATION SERVICE (CONTINUED)**Failure of Transportation Supply:**

Such gas will be charged to the customer at the highest incremental supply cost for the day plus the commodity cost of interruptible transportation plus applicable Daily Balancing Fees. If CenterPoint Energy is unable to obtain a replacement for the customer's transportation supply, the customer will be given the option to discontinue the use of gas or to incur the penalty associated with the unauthorized use of gas.

Penalty for Unauthorized Gas Use:

If a customer fails to discontinue use of gas within one hour of being requested to do so by CenterPoint Energy, the customer will be deemed to have taken Unauthorized Gas. The penalty for unauthorized use of gas will be:

- 1) For the first occurrence of the gas year: the prevailing delivery charge plus the highest incremental supply cost for the day plus \$3.00 per Therm.
- 2) For subsequent occurrences: the prevailing delivery charge plus the highest incremental supply cost for the day plus \$6.00 per Therm.

For purposes of this provision, the gas year is the twelve month period beginning November 1 each year.

Further, CenterPoint Energy shall have the right to shut off customer's supply of gas in the event of failure to discontinue use after being requested to do so.

Due Date:

The due date printed on customer bills will not be more than five days before the next scheduled billing date. However, customers who have selected the AutoPay option may select a due date which is greater than five days before the next scheduled billing date.

Late Payment Charge:

Delinquent amounts are subject to a late payment charge of 1.5% or \$1.00, whichever is greater. No late payment charge will be applied if the delinquent amount is \$10.00 or less.

All payments received will be credited against the oldest outstanding account balance before application of any late payment charge. The late payment charge will be assessed on unpaid amounts at the next scheduled billing date.

Franchise Fee:

A franchise fee will be added to the monthly bill computed at this rate schedule for those communities that impose a franchise fee.

Purchased Gas Adjustment Rider:

The above rates are subject to the Purchased Gas Adjustment Rider at Section V, page 22. Bills will be automatically increased or decreased as provided in the rate adjustment clause to reflect changes in the cost of purchased gas and fuel for supplemental gas.

Gas Affordability Rider:

All customer bills under this rate are subject to the adjustment provided for in the Gas Affordability Program Rider, Section V, pages 25-25.b.

Conservation Improvement Adjustment Rider:

All customer bills under this rate are subject to the Conservation Improvement Rider, Section V, Page 13.

Revenue Decoupling Rider:

All customer bills under this rate with the exception of customers taking Market Rate Service, (Section V, Page 11) are subject to the Revenue Decoupling Rider, Section V, Pages 28-28.a.

Contract:

Customer must sign a separate contract for Transportation Service to each delivery point. The minimum contract for Firm Transportation Service is one (1) year.

Customer is obligated to provide a copy of all contracts used to procure and deliver natural gas to CenterPoint Energy's Town Border Station(s). Such contracts must be with suppliers who can demonstrate actual firm gas supplies under contract. Customer is not required to provide price information.
