

INTERCONNECTION FEASIBILITY STUDY AGREEMENT

This Interconnection Feasibility Study Agreement (“Agreement”) is effective as of the _____ day of _____, 20____, between CenterPoint Energy Resources Corp., d/b/a CenterPoint Energy Minnesota Gas (“CenterPoint Energy”), 505 Nicollet Mall, P.O. Box 59038, Minneapolis, Minnesota 55459-0038 and _____ (“Potential Interconnection Applicant”).

Whereas Potential Interconnection Applicant is or has plans to become a producer of renewable natural gas (“RNG”) and is planning a potential RNG project or project expansion in or near CenterPoint Energy’s Minnesota Service territory;

Whereas CenterPoint Energy has previously completed an initial engineering review of the proposed project or expansion and determined preliminarily that interconnection may be feasible; and

Whereas Potential Interconnection Applicant desires CenterPoint Energy to confirm interconnection feasibility and provide Potential Interconnection Applicant with an estimate for contribution-in-aid-of-construction (“CIAC”) that would be required to proceed with interconnection.

Therefore, CenterPoint Energy and Potential Interconnection Applicant are entering into this Agreement.

CenterPoint Energy agrees to complete a full engineering review of the project to confirm interconnect feasibility.

Potential Interconnection Applicant agrees to provide technical information about its proposed RNG production facilities, and their designed capabilities, as needed by CenterPoint Energy to perform the Interconnection Feasibility study.

If CenterPoint Energy confirms project feasibility, CenterPoint Energy agrees to determine the location, kind and type of equipment, and method and manner of installation of the potential interconnect and provide an estimate for any contribution-in-aid-of-construction that would be required.

Potential Interconnection Applicant agrees to remit payment with this signed Agreement to CenterPoint Energy for the amount of \$7,500.00. Payment is non-refundable, even in the event that interconnection is determined not feasible by CenterPoint Energy.

If an engineering review results in a conclusion that interconnection is feasible, this in no way constitutes a promise or guarantee by CenterPoint Energy to interconnection the potential RNG project or expansion.

IN WITNESS WHEREOF, this Agreement was signed by duly authorized representatives of CenterPoint Energy and Potential Interconnection Applicant.
