This rate schedule is available to any customer engaging in business, professional, institutional or other non-residential activity supplied at an individually metered point of delivery and whose sole usage of natural gas through this meter is to provide compressed natural gas for use as a vehicle fuel. Standby service is not available under this rate schedule.

7.1.3. Gas consumption under this rate schedule is limited to usage in excess of 5,000 Ccf but less than or equal to 365,000 Ccf in any 12 consecutive month period. If at any time, it is anticipated, based on Company's estimate, that the customer will consume in excess of 365,000 Ccf per year in the succeeding 12 consecutive month period, the customer shall become subject to the applicable large commercial firm service rate schedule.
