Add CNP CARES to a mobile device

Follow the instructions below to add the CNP Cares as shortcut icon to the home screen of your mobile device. There is a set of instructions for Apple devices and Android devices.

**FOR AN APPLE DEVICE**

1. To add a shortcut icon on the Home screen, open the Safari internet browser and enter the following website address on your mobile device.
   ```
   www.cybergrants.com/cnpcares
   ```

2. Tap the ‘Share’ icon (it looks like an arrow pointing from the top of a square).

3. You will have a few options after tapping the ‘Share’ icon. Select the ‘Add to Home Screen’ option.

4. When prompted, rename the shortcut icon to ‘CNP Cares’.

5. Tap on ‘Add’ in the upper right hand corner to add the shortcut icon to your mobile device.
1. Open the chrome web browser on the Android device and enter the following website address.

   www.cybergrants.com/cnpcares

2. Select the Menu in the top-right corner (represented by 3 vertical dots). Click Add to Home Screen.

3. A drop down menu will be displayed; select ‘Add to Home Screen’.

4. Enter ‘CNP Cares’ as the shortcut name and click Add.
