NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood July 19 – early August 2017

*Text-to-subscribe for updates regarding this construction project by sending **CNP FRANCE** to **468311***

- Michels Corporation, a CenterPoint Energy authorized contractor, will begin the natural gas system replacement in the Edina neighborhood along France Avenue S. from Highway 62 to W. 55th Street. The crews will install main along the following lanes on France Avenue S.:
 - The northbound lane from Highway 62 to W. 62nd Street
 - The southbound lane from W. 60th to W. 55th Streets
- CenterPoint Energy’s construction is expected to begin on Wednesday, July 19, and will last until early August 2017.
- Construction will take place in the areas highlighted below. Lane restrictions are anticipated in areas where active construction is occurring. The lane restrictions are necessary to keep both the public and construction personnel safe.
- **For additional information, please visit our Construction Zone website at: CenterPointEnergy.com/Construction.**

NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood July 19 – early August 2017

July 13, 2017

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

CenterPoint Energy will begin replacing the natural gas system on Wednesday, July 19. Project construction is expected to last until early August 2017, and the affected areas are featured on the reverse side of the page. Michels Corporation, an authorized CenterPoint Energy contractor, is anticipated to begin the replacement of the existing natural gas mains along France Avenue S. from Highway 62 to W. 55th Street. The crews will install main along the following lanes on France Avenue S.: the northbound lane from Highway 62 to W. 62nd Street; and the southbound lane from W. 60th to W. 55th Street. For a limited time within the project, the crews will close the eastbound entrance from W. 58th Street to France Avenue S. Detour signs will lead drivers to Wooddale Avenue S. and W. 54th Street. Drivers going westbound on W. 58th Street will have access through the intersection of W. 58th Street and France Avenue S. Parking and lane restrictions are required in areas where construction activity is occurring and is necessary to keep both the public and construction personnel safe. The crews will close the curb side lane of France Avenue S. wherever active construction is occurring, but two-way traffic will be maintained on France Avenue S. Project updates, detailing progress and affected areas will be available at CenterPoint Energy's website at CenterPointEnergy.com/Construction.

Construction will happen in three phases: **Phase 1** consists of installing the natural gas distribution main. **Phase 2** is connecting the individual customer gas service lines to the new gas distribution main. This may include service line replacement and relocating gas meters from inside the home to outside. Customers will experience a short disruption of gas service as the crews are installing the gas service line. Crews may have to dig in the ground on your property in the utility easement to complete the task of service and main distribution line replacement. **Phase 3** is the restoration of disturbed areas affected by our work outside the city construction zone. This may consist of lawn restoration and sidewalk or street restoration as work dictates. To learn more about this project or to sign up for weekly updates, please visit our Construction Zone website at CenterPointEnergy.com/Construction.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at CenterPointEnergy.com/BeSafe. In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline at 612-321-5369 or our Communications Specialist, Hannah Gullickson, at 612-321-5546. **Please reference the France Avenue S. construction project or number 81165320 when calling the Information Hotline.** We appreciate your business and look forward to continuing to serve you.
