## **NOTICE: CenterPoint Energy to begin upgrading natural gas pipelines in your neighborhood the week of April 18, 2016**

April 2016

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

CenterPoint Energy has begun a multi-year construction project to replace approximately 74 miles of large diameter steel natural gas transmission pipeline known as the Belt Line. Rehabilitation of the Belt Line is important to ensure the long-term reliability and continued safety of the pipeline infrastructure serving hundreds of thousands of customers in the metro area.

As a system upgrade project, MN Limited LLC., an authorized CenterPoint Energy contractor, will be replacing approximately 540 feet of 24-inch natural gas transmission pipe across the rail road tracks and County Road 81, between 71<sup>st</sup> Avenue N. and Highway 694 (see map for detail). Construction is expected to begin in spring 2016 and will require approximately one month to complete the work. We will restore the areas affected by our construction in compliance with all applicable federal, state and local regulations.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you to learn how to be safe around natural gas pipelines at [www.CenterPointEnergy.com/BeSafe](http://www.CenterPointEnergy.com/BeSafe).

**To learn more about this project or to sign up for periodic construction updates, please visit our Construction Zone website at: [www.CenterPointEnergy.com/Construction](http://www.CenterPointEnergy.com/Construction). In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline: 612-321-5369 or our Communications Specialist, Ashley Osteraas: 612-321-5546. Please reference the County Road 81 Crossing project or number 76541142.**

We appreciate your business and look forward to continuing to serve you.
