CenterPoint Energy to replace natural gas lines in Chaska

Dear Property Owner,

At CenterPoint Energy, we are committed to providing relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

What will CenterPoint Energy do?

CenterPoint Energy has an upcoming proposed gas main replacement plan along the following streets: 2nd Street E. between Walnut and Maple Streets N.; Walnut, Oak, and Ash Streets N. between 1st and 3rd Streets E.; and Maple Street N. between 2nd and 3rd Streets E.

To prepare for this work, CenterPoint Energy will request Gopher State One Call to locate underground public utilities. After Labor Day, residents will notice utility flags and spray paint markings in and near areas where the natural gas line replacements will happen.

How can I contact CenterPoint Energy?

For more information, please visit [CenterPointEnergy.com/Construction](https://www.CenterPointEnergy.com/Construction), click on “Project Sites” and “Chaska.” Look for future communications via mailings or a door tag left by the CenterPoint Energy inspector. We appreciate your patience as we continue to upgrade our natural gas system, ensuring system reliability for years to come.

Sincerely and with best regards,

Hannah Gullickson
