## CenterPoint Energy to replace natural gas lines in Deephaven

Dear Property Owner,

At CenterPoint Energy, we are committed to providing relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

### ***What will CenterPoint Energy do?***

From May 17 to late July 2021, CenterPoint Energy's authorized contractors will work in Deephaven along the following streets:

- Hamilton Avenue between Northome Boulevard and Highland Avenue
- Northome Avenue between Rutledge Road and Easton Avenue
- Maple Ridge Road
- Maplewood Road between Maple Ridge Road and Northome Boulevard/Minnetonka Boulevard
- Carson Road between Lindwood Road and Cottagewood Road
- Linden Road at Carson Road
- Eastwood Drive between Vine Hill Road and Eastwood Road
- Spring Creek Drive just south of Eastwood Drive

While Michels Corporation will replace the natural gas main, connect the natural gas service lines to the new main, and move any inside residential meters outside, Q3 Contracting will restore the areas affected by Michels Corporation's work.

### ***What are the traffic impacts?***

The crews will work in segments rather than all at once. Local access will be maintained.

- On the following streets, the crews will shift traffic and maintain it with flaggers: Vine Hill Road at Eastwood Drive; Minnetonka Boulevard at Hillcrest Road; Cottagewood Road at Carson Road; and Maplewood Road between Maple Ridge Road and Northome Boulevard.
- On the following streets, the crews will restrict parking on both sides of the road: Eastwood Drive, Spring Creek Drive, Eastwood Road, Carson Road, Linden Road, Maple Ridge Road, and Maplewood Road.
- On the following streets, the crews will close the road to through traffic: Hamilton Avenue between Northome Boulevard and Highland Avenue; and Northome Avenue between Easton and Rutledge Roads.

**How can I contact CenterPoint Energy?**

For more information or to sign up for updates, please visit [CenterPointEnergy.com/Construction](https://CenterPointEnergy.com/Construction), click on “Project Sites” and “Deephaven.” Please look for future communications via mailings or a door tag left by the CenterPoint Energy inspector. We appreciate your patience as we continue to upgrade our natural gas system, ensuring system reliability for years to come.
