CNP BLAKEROAD to 468311*

Dear Property Owner,

At CenterPoint Energy, we are committed to providing relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

What will CenterPoint Energy be doing?

- On April 26, CenterPoint Energy's authorized contractor, Minnesota Limited, will begin the project's Phase 3, which is the replacement of the large-diameter steel main. Phase 3 is expected to last into the third week of June with Phase 4's restoration to follow. Due to cold weather, the start date has been pushed back a week from April 19.
- The crews will begin milling the pavement on the east side of Blake Road S. between just south of Lake Ridge Road to just north of Parkwood Road. This area will continue to be open to residential only. Detour signs will lead through traffic to Interlachen Boulevard and Vernon Avenue S.
- The natural gas main replacement will take place in the roadway. The crews will communicate with residents about driveway access when necessary. The website will continue to be updated.

How can I contact CenterPoint Energy?

For more information or to sign up for updates, please visit [CenterPointEnergy.com/Construction](https://www.CenterPointEnergy.com/Construction), click on "Project Sites" and "Edina." Look for future communications via mailings or a door tag left by the CenterPoint Energy inspector. We appreciate your patience as we continue to upgrade our natural gas system, ensuring system reliability for years to come.
