CenterPoint Energy to replace natural gas lines on 44th Ave. N.

Dear Property Owner,

At CenterPoint Energy, we are committed to providing relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

What will CenterPoint Energy do?

Beginning on March 29 and lasting into late spring or early summer 2021, CenterPoint Energy's authorized contractors will work in Minneapolis along the following streets:

- 44th Avenue N. at Penn Avenue N., Humboldt Avenue N. and between Newton and Morgan Avenues N.
- Penn and Humboldt Avenues N. between 44th and 45th Avenues N.

While Michels Corporation will replace the natural gas main, connect the natural gas service lines to the new main, and move any inside residential meters outside, Q3 Contracting will restore the areas affected by Michels Corporation's work.

In areas of active construction, the crews will alternate lane, parking and sidewalk closures along the project's route in segments at a time. Some roads will be closed to through traffic with detour signs leading through traffic to the next block over. The roads are the following: Penn Avenue N. between 44th and 45th Avenues N.; Newton Avenue N. between 44th and 45th Avenues N.; and Humboldt Avenue N. just south of 44th Avenue N.

Trucks heading westbound on 41st Avenue N. cannot make a right turn on Lyndale Avenue for a limited time. They will be detoured to southbound Lyndale Avenue N., westbound Dowling Avenue, northbound Fremont Avenue, and eastbound 42nd Avenue N.

How can I contact CenterPoint Energy?

For more information or to sign up for updates, please visit [CenterPointEnergy.com/Construction](https://www.CenterPointEnergy.com/Construction), click on "Project Sites" and "Minneapolis." Look for future communications via mailings or a door tag left by the CenterPoint Energy inspector. We appreciate your patience as we continue to upgrade our natural gas system, ensuring system reliability for years to come.
