CenterPoint Energy to replace natural gas main on 6th St. S.

Dear Property Owner,

At CenterPoint Energy, we are committed to providing relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

What will CenterPoint Energy do?

For approximately one month beginning March 29, 2021, CenterPoint Energy's authorized contractors will work in Minneapolis on 6th Street S. just west of Cedar Avenue and in the parking lot and courtyard between the apartments at 630 Cedar Avenue and 620 Cedar Avenue. While Michels Corporation will install a large-diameter natural gas steel main and remove the existing main, Q3 Contracting will restore the areas affected by Michels Corporation's work.

The crews will close the north side of 6th Street S. at the parking lot entrance of 1630 6th Street S. During this time, the south sidewalk will remain open. Parking will be restricted on both sides of 6th Street S. from Cedar Avenue to just west of the parking lot entrance. Traffic will be shifted. The parking lot entrances will remain open just north and south of 6th Street S.

This project is a continuation of CenterPoint Energy's natural gas line replacement in 2019 on Cedar Avenue and 6th Street S.

How can I contact CenterPoint Energy?

For more information, please visit [CenterPointEnergy.com/Construction](https://www.centerpointenergy.com/Construction), click on "Project Sites" and "Minneapolis." In addition, you can contact one of the following resources:

- Questions about construction projects? Please email csv.constructionservices@centerpointenergy.com or call 612-321-5546.
- Questions about restoration? Email csv.restoration@centerpointenergy.com or call 612-321-5042.

We appreciate your patience as we continue to upgrade our natural gas system, ensuring system reliability for years to come. As we coordinate with the City of Minneapolis, we hope to make the construction run smoothly.
