## CenterPoint Energy to postpone natural gas work on Ulysses and Hayes Streets NE until further notice

*Text-to-subscribe for updates regarding this construction project by sending **CNP AUDUBON to 468311***

Dear Property Owner,

At CenterPoint Energy, we are committed in providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

**Project description:** From the week of July 13 to late fall 2020, CenterPoint Energy's authorized contractors have been and will continue to perform work in Minneapolis's Audubon Park Neighborhood. Michels Corporation is replacing natural gas mains, connecting natural gas service lines to the installed mains, and moving any inside residential meters to the outside of homes. Q3 Contracting is restoring the areas affected by Michels Corporation's work outside the limits of the City of Minneapolis's work.

**Partial postponement:** As of the week of August 24, CenterPoint Energy will postpone the natural gas work on Ulysses and Hayes Streets NE between Lowry and 28<sup>th</sup> Avenues NE. The City of Minneapolis will be performing its Sidewalk Repair Program on these streets. We apologize for any confusion and appreciate your patience. Communication will be sent closer to the time when CenterPoint Energy replaces the natural gas lines on these streets.

**Traffic impacts:** For the rest of the project, the crews anticipate working on one side of a street at a time. Lane and parking restrictions are anticipated on the side of a street where active construction is occurring. They are necessary to keep both the public and construction personnel safe. Local access will be maintained.

We appreciate your patience as we continue to upgrade our natural gas system. CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](https://www.CenterPointEnergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you.
