NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood early Sept. – mid-Oct. 2019

August 2, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

From early September to mid-October 2019, CenterPoint Energy's authorized contractor, Michels Corporation, will be replacing natural gas main underneath Highway 694 in Brooklyn Center. The construction route will go from the cul-de-sac of Humboldt Avenue N. to the cul-de-sac of 63rd Avenue N. Please reference our Map of Construction.

For the majority of our work, traffic will not be impacted. For approximately one or two business days, the crews will close Humboldt Avenue N. south of 64th Avenue N. to through traffic. Residents will have access to and from their homes. Our construction site staff will work with individual residents/customers to accommodate personal schedules where we can. The crews will be utilizing this space/area for equipment needed near the cul-de-sac of Humboldt Avenue N. We appreciate your patience as we progress in construction.

Construction will happen in two phases: **Phase 1** consists of installing the natural gas distribution main. **Phase 2** is the restoration of disturbed areas affected by our work. This may consist of lawn restoration and sidewalk or street restoration as work dictates.

Lane restrictions will be anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe. To sign up for construction updates, please visit our website at CenterPointEnergy.com/Construction.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at CenterPointEnergy.com/BeSafe. In addition, you can contact one of the following CenterPoint Energy resources:

- Communications Specialist, Hannah Gullickson, at 612-321-5546
- Information Hotline at csv.constructionservices@centerpointenergy.com
- Restoration Questions at csv.restoration@centerpointenergy.com

Please reference the project name "Highway 694 Crossing" or number 82606945. We appreciate your business and look forward to continuing to serve you.
