CenterPoint Energy to perform service line work for McKenna Park Neighborhood project

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Project description: From mid-April to late summer or early fall 2020, CenterPoint Energy's authorized contractors are continuing to perform work along the following streets:

- 4th, 5th and 6th Streets NE between 48th and 53rd Avenues NE
- 7th Street NE between 48th and 52nd Avenues NE
- Washington and Madison Streets NE between 48th and 51st Avenues NE
- Washington Street NE between 45th and 46th Avenues NE and at 47th Avenue NE
- 48th Avenue NE between 4th and Washington Streets NE

Crews from Michels Corporation are continuing to replace the natural gas mains and are beginning to connect the natural gas service lines to the new mains. Crews from Q3 Contracting will restore the areas affected by Michels Corporation's work.

Connecting service lines to the new mains: As social distancing practices and proper use of PPE, face masks and gloves have become normalized and as customers are willing to allow properly protected personnel into their homes to complete required work to modernize gas facilities, which is essential work, CenterPoint Energy authorized contractors will enter customer homes to complete work only with customer permission.

The purpose of this letter is to advise that with customer permission, crews will now enter homes to complete necessary gas meter work. If you choose not to allow crews to enter your home, gas service will not be interrupted, and we will reschedule for a time better suited to concerns you may have. Crews will continue to replace service lines. Crews may have to dig in the ground on your property in the utility easement and next to your home to complete the task of service line replacement.

We appreciate your patience as we continue to upgrade our natural gas system. CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](https://www.centerpointenergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you.

Sincerely and with best regards,

Hannah Gullickson
