Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

**Project update:** Since CenterPoint Energy is delaying inside meter work due to concerns over COVID-19, CenterPoint Energy is delaying most of its work for the Crystal – 2020 Mill and Overlay project. Work by CenterPoint Energy's authorized contractors will continue on 36th Avenue N. between Hampshire and Welcome Avenues N. While Michels Corporation will replace the natural gas main, Q3 Contracting will restore the areas affected by Michels Corporation's construction.

**Traffic impacts:** During this work, two-way traffic will be maintained on 36th Avenue N. as the crews work several blocks at a time. The crews will notify any resident whose driveway will be temporarily blocked. Local access will be maintained. Lane and some sidewalk restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.

The remaining areas of the project will be rescheduled at a later time. We appreciate your patience as we continue to modernize our gas system while respecting COVID-19 protocol.
