**NOTICE: CenterPoint Energy to perform “West 58<sup>th</sup> St. Reconstruction” project from late March to early summer 2020**

*Text-to-subscribe for updates regarding this construction project by sending  
**CNP 58RECON to 468311***

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

**Due to coronavirus concerns, CenterPoint Energy is delaying meter work that requires entering customer homes or disrupting customer gas service until further notice.**

**Project Description:** CenterPoint Energy’s project is anticipated to last from March 30 to the middle or end of summer 2020. Crews from Michels Corporation, CenterPoint Energy’s authorized contractor, will replace natural gas mains and connect natural gas service lines to the new mains. Crews from Q3 Contracting, CenterPoint Energy’s authorized contractor, will restore the areas affected by Michels Corporation’s work outside the limits of the City of Edina’s [“West 58<sup>th</sup> Street Reconstruction”](#) project.

**Connecting service lines to the new mains:** Due to coronavirus concerns, CenterPoint Energy is delaying work that requires entering customer homes, such as moving gas meters outside. Gas service will not be interrupted. Crews will continue to replace service lines. A new service line will be replaced from the new main up to the resident’s home. The meter, whether it is currently inside or outside, will not be disrupted. Crews may have to dig in the ground on your property in the utility easement and next to your home to complete the task of service line replacement.

At a later date, the crews will come back to add the new meter onto the service line. The timeline will be provided on our website at [CenterPointEnergy.com/Construction](https://www.CenterPointEnergy.com/Construction).

**Traffic impacts:** On 58<sup>th</sup> Street West, crews from Michels Corporation will begin at Wooddale Avenue working west to Xerxes Avenue. Each block will be closed for approximately one week. Crews will accommodate local traffic and will notify residents if the crews need to cross the residents’ driveways. When the crews cross each intersection along 58<sup>th</sup> Street West, the interruptions to northbound and southbound traffic will be minimized.

Lane and parking restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe. Local access will be maintained.

Always There.®

## NOTICE: CenterPoint Energy to perform “West 58<sup>th</sup> St. Reconstruction” project from late March to early summer 2020

Due to coronavirus concerns, CenterPoint Energy is delaying meter work that requires entering customer homes or disrupting customer gas service until further notice.

We appreciate your patience as we continue to upgrade our natural gas system. CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](https://www.centerpointenergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you.
