**NOTICE: CenterPoint Energy to perform Normandale Park Area job  
from March 30 to late summer/early fall 2020**

***Text-to-subscribe for updates regarding this construction project by sending  
CNP NORMANDALE to 468311***

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

***Project Description:*** CenterPoint Energy's project is anticipated to last from March 30 to late summer or early fall 2020. It will happen along the project's streets between Holborn and Josephine Avenues and between 62<sup>nd</sup> and 66<sup>th</sup> Streets West. Crews from Michels Corporation, CenterPoint Energy's authorized contractor, will replace natural gas mains and connect natural gas service lines to the new mains. Crews from Q3 Contracting, CenterPoint Energy's authorized contractor, will restore the areas affected by Michels Corporation's work outside the limits of the city's project.

This project will happen concurrently with [CenterPoint Energy's Josephine Avenue and 64<sup>th</sup> Street W. 2020 Belt Line Project](#), which is scheduled to last from the week of June 8 to the week of August 3.

***Connecting service lines to the new mains:*** This may include service line replacement and relocating gas meters from inside the home to outside. (The timing of this phase depends on updates related to COVID-19.) Customers will experience a short disruption of gas service as the crews are installing the new gas service line. Crews may have to dig in the ground on your property in the utility easement to complete the task of service and main distribution line replacement.

***Traffic impacts:*** Work will occur in segments rather than all at once. Although no major closures are expected for this project, the crews plan to work on one side of the road at a time. Lane and parking restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe. Local access will be maintained.

***How can I contact CenterPoint Energy?*** For more information or to sign up for updates, please visit CenterPoint Energy's Construction Zone website at [CenterPointEnergy.com/Construction](https://www.centerpointenergy.com/construction). In addition, you can contact one of the following CenterPoint Energy resources. Please reference the **Edina – Normandale Park Area project** or the number **92538149**:

We appreciate your patience as we continue to upgrade our natural gas system. CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](https://www.CenterPointEnergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you.
