Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Project description: CenterPoint Energy's project is anticipated to last from the week of April 20 to mid-May 2020 with work from CenterPoint Energy's authorized contractors. Crews from Minnesota Limited, CenterPoint Energy's authorized contractor, will perform maintenance on the existing natural gas main. Crews from Q3 Contracting, CenterPoint Energy's authorized contractor, will restore the areas affected by Minnesota Limited's work.

Natural gas main maintenance: According to the Governor of Minnesota's order, gas main maintenance is an essential work function. This allows for the modernization of related gas facilities. The gas main work requires excavations in various locations in the right-of-way (front yard) to facilitate the installation work.

The crews will not be entering any homes for this project.

Traffic impacts: For two weeks, the crews will close 62nd Way NE between Riverview Terrace NE and East River Road. Local access will be maintained. A detour route will direct all other traffic to East River Road, 63rd Way NE and Riverview Terrace NE.

Within the project's duration, the crew will close one lane on East River Road at 62nd Way NE, maintaining two-way traffic. These restrictions occur in areas of active construction and are necessary to keep both the public and construction personnel safe.
