## CenterPoint Energy to replace a natural gas main on 33<sup>rd</sup> St. E. at Stevens and 2<sup>nd</sup> Avenues S. for approx. three weeks

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

**Project description:** Beginning in the week of September 28 and lasting for approximately three weeks, CenterPoint Energy's authorized contractors will perform work on 33<sup>rd</sup> Street E. at Stevens and 2<sup>nd</sup> Avenues S. While Michels Corporation will replace the natural gas main, Q3 Contracting will restore the areas affected by Michels Corporation's work.

**Traffic impacts:** There will be a lane shift on Stevens Avenue S. just south of 33<sup>rd</sup> Street E. There will be a road closure of 33<sup>rd</sup> Street E. between 2<sup>nd</sup> Avenue S. and the alley between 2<sup>nd</sup> and 3<sup>rd</sup> Avenues S. During the closure at 2<sup>nd</sup> Avenue S., a detour route will lead drivers to 32<sup>nd</sup> or 34<sup>th</sup> Streets E. via 3<sup>rd</sup> Avenue S. These restrictions are anticipated where active construction is occurring and are necessary to keep both the public and construction personnel safe.

**How can I contact CenterPoint Energy?** We appreciate your patience as we upgrade our natural gas lines.
