Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Project description: On 3rd Ave. S. between 17th and 27th Streets E. and on 18th, Franklin, 25th and 26th Streets E. at 3rd Ave. S., CenterPoint Energy's authorized contractors are continuing to perform work into late summer 2020. Crews from Michels Corporation replaced the natural gas mains and are connecting the natural gas service lines to the new mains. Crews from Q3 Contracting will restore the areas affected by Michels Corporation's work outside the [City of Minneapolis's Street Resurfacing Program](#).

Connecting service lines to the new mains: As social distancing practices and proper use of PPE, face masks and gloves have become normalized and as customers are willing to allow properly protected personnel into their homes to complete required work to modernize gas facilities, which is essential work, CenterPoint Energy authorized contractors will enter customer homes to complete work only with customer permission.

The purpose of this letter is to advise that with customer permission, crews will now enter homes to complete necessary gas meter work. If you choose not to allow crews to enter your home, gas service will not be interrupted, and we will reschedule for a time better suited to concerns you may have. Crews will continue to replace service lines. Crews may have to dig in the ground on your property in the utility easement and next to your home to complete the task of service line replacement.

Traffic impacts: Lane, parking and sidewalk restrictions are necessary to keep both the public and construction personnel safe. Local access will be maintained.
