CenterPoint Energy to replace a natural gas main along Nicollet Avenue and 14th Street W. for approx. two weeks

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Project description: Beginning on Wednesday, August 26 and lasting for approximately two weeks, CenterPoint Energy's authorized contractors will perform work along Nicollet Avenue between 14th Street W. and Grand Street and along 14th Street W. between Nicollet and LaSalle Avenues. While Michels Corporation will replace the natural gas main, Q3 Contracting will restore the areas affected by Michels Corporation's work.

Traffic impacts: During active construction, the crews will fully close 14th Street W. Two-way traffic will be maintained on Nicollet Avenue. Lane and parking restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.

How can I contact CenterPoint Energy? For more information, please visit CenterPoint Energy's Construction Zone website at CenterPointEnergy.com/Construction.
