## CenterPoint Energy to replace a natural gas main along Sumter Ave. S. between 33<sup>rd</sup> St. W. and Walker St. for approx. 3 weeks

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

**Project description:** Beginning on Wednesday, August 26 and lasting for approximately three weeks, CenterPoint Energy's authorized contractors will perform work along Sumter Avenue S. between 33<sup>rd</sup> Street W. and Walker Street. While Michels Corporation will replace the natural gas main, Q3 Contracting will restore the areas affected by Michels Corporation's work.

**Traffic impacts:** During active construction, the crews will fully close Sumter Avenue S., allowing eastbound and westbound traffic on 33<sup>rd</sup>, 34<sup>th</sup> and 35<sup>th</sup> Streets W. and on Walker Street. Non-local traffic will be detoured onto Texas Avenue S. Local access will be maintained. The crews will coordinate with residents on accessing their driveways. These restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.
