NOTICE: CenterPoint Energy to complete Blake Road Belt Line Project by late spring 2020

*Text-to-subscribe for updates regarding this construction project by sending
CNP BLAKEROAD to 468311*

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

CenterPoint Energy and the City of Edina will be hosting an open house meeting to educate the public on CenterPoint Energy's 2020 Belt Line Project on Blake Road:

Open House Meeting
Tuesday, March 17, from 5:00 p.m. to 6:00 p.m.
4801 W. 50th Street
Edina City Hall, Mayor's Conference Room

Representatives from CenterPoint Energy and the City of Edina will be present to answer questions.

Project Description: Beginning on March 30, crews from Michels Corporation, CenterPoint Energy's authorized contractor, will be performing work on CenterPoint Energy's natural gas main on Blake Road between Spruce Road and Waterman Avenue and on Maloney Avenue at Blake Road. Crews from Q3 Contracting, CenterPoint Energy's authorized contractor, will restore the areas affected by Michels Corporation's work outside the limits of the city's work. (Please view our map on the opposite page.)

Traffic impacts: Work will occur in segments rather than all at once. For approximately six weeks, the crews will close Blake Road to through traffic between Spruce Road and Maloney Avenue. This closure will include the work on Maloney Avenue. For approximately four weeks, the crews will close Blake Road to through traffic between Maloney and Waterman Avenues. Road restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.

How can I access my home? Local access will be maintained. When the crews need to cross a resident's driveway, the resident will be notified by the project's foreman or inspector. Garbage and mail services will be able to access the resident's home.

We appreciate your patience as we continue to upgrade our natural gas system. CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](https://www.centerpointenergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you.
