- As part of CenterPoint Energy’s “Golden Valley 2019 Belt Line Project,” CenterPoint Energy’s authorized contractor, Minnesota Limited, will be replacing the natural gas Belt Line system in Golden Valley and St. Louis Park this year. The project began on May 8 and will continue into late July 2019.
- Beginning May 20, the crews will close the south frontage road (Wayzata Blvd. S.) of I-394 from the west side of Texas Avenue to just east of Pennsylvania Avenue to through traffic. Detour routes are posted on site. (See the map below.) The closure will last for approx. four weeks, reopen temporarily, and close again for approx. two more weeks.
- During this time, drivers can access residences and businesses. Local access will be maintained. Lane restrictions and road closures are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.

## **NOTICE: CenterPoint Energy to close Wayzata Blvd to thru traffic for natural gas Belt Line system replacement May 20 – mid-June 2019**

May 15, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

As part of CenterPoint Energy's "Golden Valley 2019 Belt Line Project," CenterPoint Energy's authorized contractor, Minnesota Limited, will be replacing the natural gas Belt Line system in Golden Valley and St. Louis Park this year. The project began on May 8 and will continue into late July 2019. To learn more about this project or to sign up for weekly construction updates, please visit our website at [CenterPointEnergy.com/Construction](http://CenterPointEnergy.com/Construction).

In St. Louis Park, Minnesota Limited will be installing natural gas main along the south frontage road (Wayzata Boulevard S.) of I-394 from the west side of Texas Avenue to just east of Pennsylvania Avenue. Beginning May 20, the crews will close this portion of the road to through traffic. Detour routes are posted on site. The closure will last for approximately four weeks, reopen temporarily, and close again for approximately two more weeks. Any changes are coordinated between CenterPoint Energy and St. Louis Park. During this time, drivers can access residences and businesses.

Within the week of May 13, Minnesota Limited has placed the pre-warning signs. CenterPoint Energy inspectors have gone from door to door along the route notifying customers and businesses of the closure. We apologize for any inconvenience and hope to make the construction process run smoothly. Lane restrictions will be anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe. Local access will be maintained.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](http://CenterPointEnergy.com/BeSafe).
