August 1, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities. As part of CenterPoint Energy's Minneapolis 2019 Belt Line Project, the following work was done between April to July 2019, by CenterPoint Energy's authorized contractor, Michels Corporation, to replace natural gas main and natural gas service lines along the following routes:

- 14th Ave. S. between E. 55th St. and E. 35th St.
- 15th Ave. S. between E. 29th St. and E. 35th St.
- Restoration of boulevards and yards will continue until complete.

Beginning July 22 to early November 2019, CenterPoint Energy's authorized contractor, Minnesota Limited, will install natural gas main along the following routes:

- 14th Ave. S. between E. Minnehaha Pkwy. and E. 35th St.
- 15th Ave. S. between E. 35th St. and the Greenway

Contractor crews will begin working south from these starting points:

- On 15th Ave. S. crew #1 is working south from E. 28th St. to Lake St.
- On 14th Ave. S., crew #2 is working south from E. 38th St. to E. 40th St.
- On 14th Ave. S., crew #3 is working south from E. 44th St. to E. 46th St.

Crews will work on 3 blocks at a time for approx. 4 weeks to allow for main replacement and restoration. While each area is closed to through traffic, parking will be prohibited on both sides of the street. Eastbound and westbound traffic will be maintained unless otherwise noted on our website. Construction activity will have minimal impact on alley access. Our construction site staff will work with individual residents/customers to accommodate personal schedules where we can.

Any changes in our schedule may be due to the crews' progress, weather and agreements between CenterPoint Energy and the City of Minneapolis. Lane restrictions and road closures are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.

To sign up for weekly construction updates, please visit our website at [CenterPointEnergy.com/Construction](https://www.centerpointenergy.com/construction). CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](https://www.centerpointenergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you. In addition, you can contact one of the following CenterPoint Energy resources:
