September 25, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities. As part of CenterPoint Energy’s Minneapolis 2019 Belt Line Project, CenterPoint Energy’s authorized contractor, Minnesota Limited, will be returning to the 2800 block of 15th Avenue S. for a limited time. The anticipated duration is from October 1 to 12. The work will include two parts: connecting the new natural gas main to the existing intersecting main, and restoring the areas affected by Minnesota Limited’s construction.

During this time, the crews will close the south half of the 2800 block of 15th Avenue S. to through traffic. (Please see our Map of Construction.) Parking will be unavailable on both sides of the south half, but drivers can park north of the work. While northbound and southbound traffic will be prohibited on 15th Avenue S., drivers can go eastbound and westbound on 29th Street E., and pedestrian traffic will not be impeded on the Greenway. Alley access will be available from 28th Street E.

Any changes in our schedule may be due to the crews’ progress, weather and agreements between CenterPoint Energy and the City of Minneapolis. Road restrictions are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe. We apologize for the inconvenience and thank you for your patience as we replace our infrastructure.

To sign up for weekly construction updates, please visit our website at [CenterPointEnergy.com/Construction](http://CenterPointEnergy.com/Construction). CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](http://CenterPointEnergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you. In addition, you can contact one of the following CenterPoint Energy resources:
